

# Flying My Flag

## Key idea: Earning

### Getting started:

1. Greet the group and ask the members to introduce themselves.
2. Explain that the session will start with an activity to help us recognize some resources or talents we may not realize we have. Explain to the group that we often have access to other resources besides money. Share the definition of earning in the Key ideas table. Notice that it includes time and skills (human resources) as important resources we can use to earn money.

### Activity:

Explain to the group that today's activity will help us focus on some of our hidden talents.

Ask each person to use a piece of paper and crayons or markers to create a flag to show their talents. Have them start by writing the

letters of their first name on their flags. Using these letters, the members should create words describing their talents.

Here is an example:

J ... Just learned to type

I ... Interested in sports

M ... Makes terrific pasta

After the members have come up with talents to match the letters of their names, ask them to decorate their flags with the markers or crayons. Give the group about ten minutes to complete their flags.

### SUGGESTED FOR USE WITH THE FOLLOWING BOOKS:

**A Chair for My Mother**

**Count on Pablo (Cuenta con Pablo)**

**The Berenstain Bears & Mama's New Job**

**The Berenstain Bears' Trouble with Money**
